## New Partnerships

Your donations this year allowed us to partner with Central American Medical Outreach (CAMO) in western Honduras providing prosthetics to even more kids in need! In a perfect union with CAMO’s prosthetists, FAKS is now supporting 5 kids in need of prosthetics and another 6 in need of orthotics. 11 year-old Orlin is pictured with his father, CAMO’s prosthetists and Steve Herrick. Orlin lost his leg after a cancer diagnosis. Because of your donations, he is now fitted and walking with his new prosthesis.

Maria Christina has been a patient of FAKS since she was an infant. Now she is 7 years old and very active in school and her community. Here she is with her parents and Lucrecia, FAKS' patient coordinator.

## BECAUSE OF YOU!

Thanks to your support and donations throughout the year, we have been able to expand our efforts to reach more children in need who live in the more rural areas of Guatemala and Honduras. Over 50 active FAKS Kids living in homes ... some with dirt floors, some with long walks to school. Playing soccer and other games are new enjoyable skills. Keeping up with their constant need to replace worn out prosthetic equipment is a demanding job that we are excited and fortunate to be able to do for them, with your help. Thank you again for your generosity!
